DENTAL INSURANCE AND FINANCIAL ARRANGEMENTS

If you have dental insurance we will work diligently to help you receive your maximum allowable benefit. In order to achieve this goal we need you to take the necessary steps to understand your insurance plan. With so many different providers and plans, it is impossible for us to know all of our patients' benefits. It is very important for you, as a dental insurance policy holder, to be aware of the plan benefits, deductibles, and exclusions. Plan benefits can be obtained by calling your dental insurance company. We will gladly discuss your proposed treatment and answer any questions you may have relating to your insurance. You, however, must be aware of the following:

1. Your insurance is a contract between you, your employer and the insurance company. We are not a party to that contract.
2. Most insurance companies have a yearly deductible that is your responsibility to pay.
3. Most insurance companies only pay a percentage of the cost of treatment (such as 50% or 80%) and you are responsible for the remaining balance.
4. Not all services are a covered benefit in all contracts. It is important for you to contact your insurance provider and ask if there are any clauses or waiting periods.
5. As a courtesy to you our office will submit claims to your insurance provider. If for any reason the claims go unpaid you will be responsible for all charges.

If you have any questions regarding this information or any uncertainty regarding insurance coverage please doesn't hesitate to ask us, we are here to help you in any way we can.
